

## Hardtop 200T /210 c

**Description:** 2 ingredient polyurethane varnish with UV filters for the protection of horizontal and vertical surfaces. It is appropriate for surfaces with intense passability and even for heavy goods vehicles passing. Elastic, with anti-carving properties and resistance to chemicals. It does not peel, it does not turn yellow and it does not lose its shine even after many years have gone by. Its main characteristic is that it is one of the best selling protective varnishes for surfaces on boats.

**Use:** indoors and outdoors on floorings, walls, pools
